Multi-year Contract & Potential Pesticides Products

The following is a list of potential pesticides to be applied, including brand names and generic names of active ingredients. Also included are any warnings that appear on the label and that are pertinent to the protection of humans, animals, or the environment. All these products should be kept out of the reach of children. Do not apply these products directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift. Do not allow people (other than applicator) or pets on treatment areas during application. Do not enter treatment areas until spray has dried. These products are toxic to aquatic invertebrates. Drift or runoff may be hazardous to aquatic organisms in neighboring areas and non target plants.

EXHIBIT #1 (LAWN CARE)

- 1.** Lesco 6.3% Sevin Brand Granular Insecticide Contains: Carbaryl EPA Reg. #10404-61 Caution: HARMFUL IF INHALED. Avoid breathing dust.
- 2.** Gordon's Speed Zone Broadleaf Herbicide Contains: Carfentrazone, 2, 4-D, MCPP, Dicamba EPA Reg. #2217-833 Caution: Causes moderate eye irritation. Harmful if absorbed through the skin. Avoid contact with skin, eyes, or clothing. Harmful if swallowed. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals.
- 3.** FMC Astro Insecticide Contains: Permethrin EPA Reg. #279-3141 Caution: Harmful if swallowed, inhaled or absorbed through the skin. Avoid contact with skin, eyes or clothing. Avoid breathing vapor or spray mist. This pesticide is highly toxic to bees exposed to direct treatment or residues on crops or weeds. Do not apply this product or allow it to drift to crops or weeds on which bees are actively foraging. This product is extremely toxic to fish and aquatic invertebrates. Do not apply when weather conditions favor drift from treated areas.
- 4.** FMC Talstar P Professional Insecticide Contains: Bifenthrin EPA Reg. #279-3206 Caution: Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. This product is extremely toxic to fish and aquatic invertebrates. Care should be used when spraying to avoid fish and reptile pets in/around ornamental ponds.
- 5.** Riverdale Cool Power Selective Herbicide Contains: MCPA, Triclopyr, Dicamba EPA Reg. #228-317 Causes moderate eye irritation. Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Harmful if swallowed.
- 6.** Bayer Dylox 6.2 Granular Insecticide Contains: Dylox EPA Reg. #432-1308 Caution: Harmful if swallowed. Causes moderate eye irritation. Do not take internally. Do not breathe dust. Avoid contact with eyes, skin or clothing. Toxic to fish and wildlife. Do not use on crops used for food or forage.
- 7.** Riverdale Weeddestroy Triamine (Herbicide) Contains: 2, 4-D, Mecoprop and Dichlorprop EPA Reg. #228-178 Danger: Corrosive. Causes irreversible eye damage. May be fatal if absorbed through skin. Harmful if swallowed or inhaled. Avoid breathing vapors or spray mist. Do not get in eyes, on skin or clothing. Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treatment areas until spray has dried.
- 9.** Syngenta Barricade 65 WG Herbicide Contains: Proflumicarb EPA Reg. # 100-834 Caution Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Concentrations substantially above the level of water solubility may be toxic to fish.
- 10.** Bayer Acclaim Extra Herbicide Contains: Fenoxaprop-P-Ethyl EPA Reg. #432-950 Caution: Causes moderate eye irritation. Harmful if swallowed. Avoid contact with eyes or clothing.
- 11.** Riverdale Triplet Low Odor Herbicide Contains: 2,4-D, Mecoprop-p, and Dicamba. EPA Reg. #228-409 Danger: Causes irreversible eye damage. Do not get in eyes or clothing. Harmful if swallowed.
- 12.** DOW Agrosiences Dimension Ultra 40 WP Herbicide & Lesco Dimension 0.10% Plus Fertilizer Contains: Dithiopyr EPA Reg. #10404-85 EPA Reg. #62719-445 Caution: Causes eye irritation. Harmful if inhaled. Harmful if absorbed through the skin. Avoid contact with skin, eyes or clothing. Avoid breathing dust. This product is toxic to fish and highly toxic to other aquatic organisms including oysters and shrimp.
- 13.** Monsanto Round Up Pro/Max Herbicide Contains: Glyphosate EPA Reg. #524-579 Caution: Avoid contact with eyes or clothing. Avoid breathing vapors or spray mist. Relatively non-toxic to dogs and other domestic animals, however ingestion of this product or freshly sprayed vegetation may result in temporary gastrointestinal irritation.
- 14.** NuFarm Spoiler Herbicide Contains: 2, 4-D, Mecoprop-p and Dichlorprop-p. EPA Reg. #228-513 Warning: Causes substantial but temporary eye injury. Harmful if absorbed through skin. Harmful if swallowed. Do not get in eyes or on clothing.
- 15.** Helena Battleship III Herbicide Contains: MCPA, Fluroxypyr, Triclopyr. EPA Reg. #228-453-5905 Danger: Corrosive. Causes irreversible eye damage. Harmful if swallowed, or absorbed through skin. Avoid contact with skin, eyes, or clothing.
- 16.** Lesco Eliminate LO Herbicide Contains: 2,4-D, MCPP and Dicamba. EPA Reg #228-409-10404 Danger: Corrosive. Causes irreversible eye damage. Do not get in eyes or on clothing. Harmful if swallowed.
- 17.** NuFarm Escalade 2 Contains: 2, 4-D Fluroxypyr and Dicamba Warning: Avoid contact with skin, eyes or clothing. Causes substantial but temporary eye injury. Harmful if swallowed, or absorbed through skin.
- 19.** Lesco Acelepryn Granular Insecticide Contains: Chlorantraniliprole EPA Reg. # 100-1492-10404 This pesticide is toxic to aquatic invertebrates, oysters and shrimp.

EXHIBIT #1S (SHRUB CARE)

1S LESCO HORTICULTURAL OIL INSECTICIDE Contains: Refined Petroleum Distillate EPA Reg. #10404-66 Caution: Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. **2S** MYCOGEN M-PEDE® INSECTICIDE/FUNGICIDE Contains: Potassium Salts of Fatty Acids EPA Reg. #53219-6 Warning: Causes substantial but temporary eye injury or skin irritation. Do not get in eyes, on skin or on clothing. **3S** FMC ASTRO® INSECTICIDE Contains: Permethrin EPA Reg. #279-3141 Caution: Harmful if swallowed, inhaled or absorbed through the skin. Avoid contact with skin, eyes or clothing. Avoid breathing vapor or spray mist. This pesticide is highly toxic to bees exposed to direct treatment or residues on crops or weeds. Do not apply this product or allow it to drift to crops or weeds on which bees are actively foraging. This product is extremely toxic to fish and aquatic invertebrates. Do not apply when weather conditions favor drift from treated areas. **4S** FMC TALSTAR P PROFESSIONAL INSECTICIDE Contains: Bifenthrin EPA Reg. #279-3206 Caution: Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. This product is extremely toxic to fish and aquatic invertebrates.

EXHIBIT #1S (SHRUB CARE) continued

Care should be used when spraying to avoid fish and reptile pets in/around ornamental ponds. This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow to drift to blooming crops if bees are visiting the treatment area. **5S** BAYER COMPASS™ FUNGICIDE Contains: Trifloxystrobin EPA Reg. #3125-560, #432-1371 CAUTION: Causes moderate eye irritation. Harmful if absorbed through skin. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Avoid contact with eyes, skin, or clothing. This pesticide is toxic to fish and aquatic invertebrates. Drift or runoff may be hazardous to organisms in neighboring areas. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in ground water contamination. **6S** CROMPTON UNIROYAL CHEMICAL FLORAMITE™ SC/LS ORNAMENTAL MITICIDE Contains: Bifenazate EPA Reg. #400-509, #400-508, #400-481 Caution: Harmful if swallowed. Avoid contact with eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. This pesticide is toxic to fish. This product is toxic to bees exposed to direct treatments but residues on treated foliage are not toxic to bees. **7S** DOW AGROSCIENCES CONSERVE SC INSECT CONTROL Contains: Spinosad EPA Reg. #62719-291 Caution: This product is toxic to bees exposed to treatment during the 3 hours following treatment. Do not apply this pesticide to blooming, pollen-shedding or nectar producing parts of plants if bees may forage on the plants during this time period. **8S** Syngenta Acelepryn Insecticide Contains: Chlorantraniliprole EPA Reg. #100-1489 Toxic to aquatic invertebrates, oysters and shrimp. **9S** MAUGET IMICIDE SYSTEMIC INSECTICIDE Contains: Imidacloprid EPA Reg. #7946-16 Caution: Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Causes eye irritation. Avoid breathing vapors. **10S** MAUGET FUNGISOL SYSTEMIC FUNGICIDE Contains: Debecarb, Carbendazim EPA Reg. #7946-14 Caution: Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. **11S** Pointer Insecticide Contains Imidacloprid EPA Reg.# 69117-1 Warning Harmful if swallowed, inhaled or absorbed through the skin. Causes substantial but temporary eye injury. Do not get in eyes or clothing. This product is highly toxic to bees exposed to direct treatment or residues on blooming plants or weeds. Do not apply this product to blooming plants or weeds if bees are foraging in the treatment area.

EXHIBIT #1/#1S Multi-Year Contract and Amendments

B Notification of Pesticide Treatment and Dates

1. **Approximate and Alternative Dates:** Below is a schedule for potential pesticide approximate dates and their alternative dates. Funk Lawn/Shrub Care's Warranty and Service Pledge backs each and every one of these visits.
2. **Specific Dates:** In accordance to Article 33 Section 325.40A of the Environmental Conservation Law, the property owner or owner's agent may request the specific date or dates of the application to be provided and, if so the pesticide applicator or business must inform them of the specific dates and include that date or dates in the Contract (See Schedule Below) Our Warranty and Service Pledge does not back Specific Date Contracts. If you should approve a Specific Date Contract, indicate that next to your signature on the original service contract.
3. **Potential Pesticides to be Used:** You will need to refer to the schedule below and the Potential Pesticide Product information in Exhibit #1/#1S. Please retain Exhibit #1/#1S for future reference of products applied.

C Amendments

1. Approximate Dates/ Alternative Dates Amendment

Unforeseen climatic and agronomic changes, injurious insects, and weed infestations can become problems before or after the above approximate and alternative dates. Should the contracts approximate or alternative dates become infeasible, or be more appropriate or necessary at dates other than those stated in contract, I agree that **Funk Lawn/Shrub Care** may make application(s) of up to 14 days prior to initial stated approximate date and up to 14 days after the last stated alternative date.

However, I can require to be notified prior to any treatment, and in the future confine applications to notification dates stated in Section B.

2. Multi-Year Contract Amendment, Annual Renewal Updates

This is a multi-year contract; we will continue to maintain your lawn in future years as defined in Section A of this contract and repeated in Exhibit #1/#1S. Each Spring you will receive a new **Multi-Year Contract Amendment** and renewal information. This will include treatment dates (including years), pricing per treatment updates, total yearly cost, product updates, new labels and special offers. Each spring the first dollar invested will be your total yearly potential pesticide cost, acknowledgment and agreement of the Multi-Year Contract Amendment update. By signing you agree to receive an annual contract amendment update for the above items each spring. If you do not wish to have the benefits of a multi-year contract please indicate that on the original service contract by crossing out Section A-6.

3. How to Discontinue Service Amendment

You may discontinue this contract at anytime by providing us with written notice 24 hours in advance of any scheduled treatments and without penalty. Previous balances will still be due.

This form is the sole property of Funk Lawn/Shrub Care and it cannot be copied, duplicated, or adapted in any manner. Alterations or changes cannot be made. By signing the original service contract you are agreeing to Exhibit #1/#1S in it's entirety.
